

UnWorkshop Notes

Registration and Record Keeping

February 12, 2015

Participant Concerns:

- Moving away from BINGO sheets to record reading logs because many of the activities are unrelated to reading, and some kids cheat
- Looking for more effective ways to encourage teens to report/backtrack
- Tons of kids sign-up, but many drop out
- Debating about counting books vs. minutes/hours, and earn points for prizes
- Looking for a way that every kid gets a prize, as in the past only the kids who completed the program got a prize
- Streamlining the process

Participant Ideas:

- When transitioning from paper to online recording, create a mashup of both, so patrons can chose what they prefer (doesn't have to be all or nothing)
- Weekly drawings vs. End of Summer drawings
